

ASI Accurate Partitions has been manufacturing toilet partitions since 1957 and is well qualified to supply partitions for any project in any venue.

We certify that all of our partitions are manufactured in the United States, thereby qualifying them under the Build America Buy America Act and in compliance with, *The Infrastructure Investment and Jobs Act ("IIJA")*. Pub. L. No. 117-58, which includes the *Build America, Buy America Act*.

The only variance that we claim would be for select hardware items. These are not able to be sourced domestically.

Sincerely,

Dan Kavales
